PROMOTIONAL TOOLS

The Mercury StoreCard™

Your store, your card.

Rewards | Gift | Promotion | Mobile | Social | Payment

The Mercury StoreCard™ is a better way to pay. Reduce checkout times and reward your customers for every purchase they make at your business. Most prepaid cards are static and inconvenient when funds run out. In contrast, the Mercury StoreCard offers an easy and flexible way for consumers to load and reload online rather than add funds at the cashier. With Mercury StoreCard, customers earn rewards, give gifts, and can pay with their smart phone or with a plastic card creating convenience and incentive to return more often. The Mercury StoreCard is a comprehensive payment card designed to help local merchants increase foot traffic and bring more value to every transaction.

Gift Card Capabilities

POS-integrated StoreCard processing

Priced for the local merchant with no transaction fees when processing credit with Mercury

Beyond Gift Capabilities

The Mercury StoreCard is your store's exclusive, private label rewards and payment card designed to make it easy for small businesses to attract and engage customers, so they keep coming back.

You can select the features that work best for your business.

STORECARD MANAGER The StoreCard Manager is a website hosted by Mercury and branded just like your cards. It lets your consumers pay from their phone or access any of the features that you have enabled for your business. It is accessible by scanning the QR code on the back of the StoreCard, or by going to the URL listed on the back of the card.

CASH BACK REWARDS Create customer loyalty and encourage loading and reloading funds onto the StoreCard with cash back rewards. You determine the reward amount and whether the reward is loaded upon purchase, reload, or both. Every time a customer uses their StoreCard at your business or reloads their card, they receive cash back loaded directly onto their StoreCard. For example, if you select 10 percent cash back on purchase, a \$10 purchase results in \$1 bonus on the customer's StoreCard. With cash back rewards, your customers will never have a zero balance.

GO MOBILE Cardholders have the option to convert their physical StoreCards into digital StoreCards so they can pay with their smartphones. For iPhone® users, the digital card will be stored in their PassBook® app. For Android™ users, the digital card will be stored in the PassMarket™ app, or the customer can simply pay from StoreCard manager.

MercuryMail

Give customers a reason to visit your business

Bring in more paying customers with MercuryMail, a targeted mailer featuring a ready to redeem promotional card for your business. Unlike other promotional methods that may be difficult to measure and evaluate, MercuryMail is an attractive marketing piece that is easy to track and targets the customers you want. You choose the offer and we'll handle the details from design, to printing and mailing. The only promotional mailer that works with your existing POS and Mercury's processing service, MercuryMail is a powerful way to promote your business.

Implementing MercuryMail is easy, we can help you with every step of the promotion process

- Our experienced team designs and prints the promotional mailer
- We handle mailing logistics using your list or one purchased from us
- You can track the effectiveness based on the number of redeemed cards

Grow your business with a unique tailored promotion

- Streamlined – Mercury takes care of the details so you can focus on your business
- Simple – already works with MercuryGift®
- Valuable – attracts customers who are ready to make a purchase
- Builds awareness – Eye-catching design entices customers and supports branding
- Increase ROI – instant savings attract paying customers; most will spend more than the value of the promotional gift card

Folded mailer

More space to include additional information about your offering or a map to your business.

\$2.00/1500min.

Laminated postcard

More compact with enough room to highlight your offer.

\$1.33/3000min.
